Working at the College

Our environment is inclusive, friendly and supportive, with high expectations for both staff and students. To thrive in our environment, you will need to be resilient, positive, able to work autonomously, have a strong work ethic, and put our learners at the heart of everything you do.

Our College values are:

We put our students and customers first - prioritising their inclusion, learning and progress, supporting their health and wellbeing and realising their potential

We recognise that people are our greatest asset – recruit and retain the most talented staff, investing in them to fulfil their potential, creating a wealth of opportunities for personal development and progression, creating a culture of co-prosperity, galvanising them through inclusive practice, recognising the difference they make and rewarding them for the work they do

We pursue excellence in all we do - a passion for inclusive, high quality education, training and skills solutions, holding ourselves to the highest possible standards, meeting (and exceeding) targets, making improvements, valuing creativity, supporting digital innovation and pedagogy

We embrace change - looking forward to the future, maintaining a growth mind-set, exploring new routes to inclusion, partnership and collaboration, harnessing AI safely and ethically for efficiency, digitalising and embracing new technologies, anticipating and responding to ongoing economic and social needs and demands

We collaborate and work in partnership with others - actively seeking opportunities to become more inclusive, working with others in the best interests of the college community and key stakeholders, delighting our customers

We operate sustainably, ethically and responsibly – adding social capital through inclusion, working to achieve net zero carbon targets and enhancing biodiversity, acting with integrity, with high levels of accountability and complete transparency, treating others fairly and with respect, communicating clearly, concisely and openly.

We are guided by the principles of sound financial stewardship and operational efficiency – balancing an inclusive educational character with cost effectiveness, ever-mindful of an increasingly risk-laden and unpredictable operational environment, the need for broader sensitivity analysis in budgeting and forecasting and the importance of mitigating risks that could affect the college's solvency.
